Non-GAAP net income and non-GAAP diluted EPS are non-GAAP unaudited terms. We define non-GAAP net income as net income (loss), exclusive of stock-based compensation, non-cash interest expense from discounted debt related to acquired assets, and deferred tax provision. Non-GAAP net income and non-GAAP diluted EPS measures do not include the tax effect of the aforementioned adjusting items, due to the nature of these items and the Company's tax strategy.

Adjusted EBITDA is a non-GAAP unaudited measure, which we define as net income before stock-based compensation, interest and finance expense, income taxes, other state and local franchise taxes, and depreciation and amortization.

Management uses non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA as measures of operating performance to assist in comparing performance from period to period on a consistent basis and to identify business trends relating to our results of operations. Management believes non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA are also useful because they provide supplemental information to assist investors in evaluating our financial results. Non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA should not be considered in isolation or as alternatives to net income, earnings per share, or any other measure of financial performance calculated and presented in accordance with GAAP. Given that non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA are financial measures not deemed to be in accordance with GAAP and are susceptible to varying calculations, our non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA may not be comparable to similarly titled measures of other companies, including companies in our industry, because other companies may calculate non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA in a different manner than we calculate these measures. In evaluating non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA, you should be aware that in the future we may or may not incur expenses similar to some of the adjustments in this document. Our presentation of non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA does not imply that our future results will be unaffected by these expenses or any unusual or non-recurring items. When evaluating our performance, you should consider non-GAAP net income, non-GAAP diluted EPS, and Adjusted EBITDA alongside other financial performance measures, including our net income and other GAAP results, and not rely on any single financial measure.
